

BOP - REVISED

BL-005

24/05/2024

JEREZ

On the behalf of the CPV/IS Sporting Committee,

We hereby announce the implementation of a Balance of Performance (BOP) adjustment, effective immediately, for the Porsche 991.1 3.8 Cup model within the GTC category.

The modification entails the alteration of the initial ride height parameters from Front: 88 mm and Rear: 115 mm to **Front: 68 mm and Rear: 112 mm**, respectively.
